

**PLANTS**  
FOR THE **FUTURE**  
EUROPEAN TECHNOLOGY PLATFORM

# OUR ACTIVITIES

**Plant ETP**, through engagement with multiple stakeholders and collaborative efforts, outlines **Research and Innovation (R&I) needed** to develop solutions to challenges faced by agri-food players **across value chains**.

Priority topics (e.g., NGTs & bioeconomy) are explored through **working groups or task forces involving a broad range of experts** from our membership and, when needed, invited external experts.

Plant ETP is involved in **EU-funded research projects** addressing relevant subjects for Plant ETP's core activities related to education, research and innovation.

Plant ETP organises events and outreach activities **to raise awareness of plant breeding and plant sciences and appreciation**.

**PLANTS**  
FOR THE **FUTURE**  
EUROPEAN TECHNOLOGY PLATFORM

**PROMOTES  
THE FLOW  
OF  
INNOVATION  
TO THE  
MARKET  
FOR THE  
BENEFIT OF  
SOCIETY**

# ABOUT US

**Plants for the Future ETP** (Plant ETP) is a multistakeholder platform representing the plant sector from fundamental research to crop production and distribution

## WE UNITE

### ACADEMIA

science organisations, universities and research institutes

### INDUSTRY

seed and breeding sector and agricultural service providers

### FARMING COMMUNITY

farming organisations and cooperatives

# OUR MISSION

PROVIDING STRATEGIC DIRECTION FOR  
R&I NEEDS IN THE PLANT SECTOR

PROMOTING SCIENCE-BASED  
POLICYMAKING

RAISING APPRECIATION OF PLANT  
SCIENCES & BREEDING
